* The semester timetable of your mentor depends on which university they are enrolled at, not which university your school is partnered with.

** If placement started later, or sessions were missed (e.g. mentor was sick, school sports day), or you simply love having your mentor join in with your class, we encourage placement to continue after the end of the University semester. Simply chat to your mentor and let your In2science Coordinator know. School Term 4 ends 17th December.
